

# Akins Early College High School

Akins is organized into seven academies. Each academy is focused on a different career path. All incoming 9th graders are asked to choose the academy that is right for them. Learn a little about each academy below.

## Academy of Building Leadership & Legal Enterprises

The ABLE Academy features:

- Corrections
- 911
- Law
- JROTC
- EMT/Fire

The ABLE academy is for students who want to serve their community by being part of the military, emergency services, or criminal justice systems.

## Arts & Humanities Academy

The AHA Academy features:

- Performing Arts (Dance, Theatre)
- Visual Arts (Drawing, Painting, Ceramics, Sculpture)
- Music
- Film
- Humanities (Global Studies, Debate)

The AHA Academy is for students who are drawn to perform, create, and engage actively with the world around them.

## Early College High School Academy

The ECHS Academy features three Associate Degree Programs:

- General Studies
- Real Estate PTECH
- Teaching PTECH

With free college tuition & books, students earn 60+ college hours & an Associate's Degree. Students will graduate from ACC first and then from Akins in 4 years. ECHSA is for students that want to start college-level courses earlier in high school.

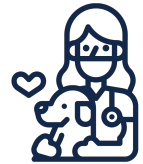

## Green Tech Academy

The Green Tech Academy features:

- Animal Science (Veterinary Science)
- Plant Science (Horticulture/Floral Design)
- Wildlife/Environmental Natural Resources Science (Park Ranger Cadet)

The Green Tech Academy is for students who like hands-on activities related to plants, animals, and the environment.

## New Tech Academy

The New Tech Academy features:

- Animation
- Graphic Design
- Commercial Photography
- Computer Maintenance
- Computer Science

The New Tech Academy is for students who enjoy solving problems, finding innovative solutions, and using technology to create and inspire others.

## Social Services Academy

The Social Services Academy features:

- Health Science
- Education & Training
- Human Services/Social Work

The Social Services Academy is for students who are passionate about helping others and serving their community.

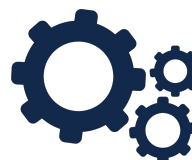

## STEM Academy

The Science, Technology, Engineering, and Math Academy features:

- Aerospace Engineering
- Biomedical Engineering
- Civil Engineering
- Computer Integrated Manufacturing
- Robotics

The STEM Academy is for students who like to build, like to problem solve, and like to figure out how things work.

Choose the academy that is right for you.

We recommend you have a 1st and 2nd choice.

Learn more about each academy on the Akins website, [akinseagles.org](http://akinseagles.org).
